REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: the prior art does not teach all of the limitations of the claimed invention including:

- embedding a resist film into the hole except an upper portion of the inner face of the hole on which the dielectric film and the silicon film are deposited,
- etching the silicon film on the heat-treated dielectric film with the embedded resist film as a mask;
- removing the resist film;
- removing the heat-treated dielectric film by etching with the silicon film remaining after the etching as a mask; and embedding an electrode material into the hole having the dielectric film remaining after the removal by etching.

Accordingly, claims 1-16 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
